Say, OB, I heard you CQ this morning. When you signed off, I heard NC 3NI in Ontario come back to you, you didn't hear, tho, I guess cuz you didn't come back to him. Therefore, I thot perhaps I could raise him so I let out a CQ, and sure enough he came back to me. (and gave me R 8).

Thot maybe you'd like to know this so that you could write him for your QRK. How?!
